2. Samoglasnici *Vowels*

• / • / /

[a] [e] [i] [o] [u]

- Ukoliko je samoglasnik kratak, piše se na prethodni suglasnik, ili, u slučaju da takvog suglasnika nema, na kratki nosač ɪ.

If the vowel is short, it is written on the preceding consonant, or, in the absence of a consonant, on the carrier for short vowels.

- Ukoliko je samoglasnik dugačak, može se pisati isključivo na dugi nosač ɪ̄.

If the vowel is long, it may be written only on the carrier for long vowels.
